I/CI's Standard Requirements for FDD and Other Translating Groups

1. The mission of I/CI is to produce economic intelligence on light industry, domestic trade, and consumer expenditure in the nations of the Sino-Soviet Bloc.
2. I/CI's standard requirements for FDD and other translating groups are attached on a separate sheet in order that they may be disseminated on an unclassified basis.
3. Light industry includes food-processing industries, for which M/Ag is responsible, and the section of the attached requirements dealing with light industry has been coordinated with M/Ag. M/Ag is in the process of submitting to FDD additional requirements on food-processing industries for the purpose of implementing the instructions for Section 64K of the NIS.
